About ASTM International. Over 12,800 ASTM Standards operate globally. Defined and set by us, they improve the lives of millions every day. Combined with our innovative business services, they enhance performance and help everyone have confidence in the things the buy and use. Find Out More About ASTM

#### ASTM International - Standards Worldwide

Sampling, according to ASTM standards, must be done in intervals from the middle portion of the batch of concrete. If sampling from a stationary mixer, revolving drum mixer (i.e. mixer truck) or agitator, or a continuous mixer, then two or more samples must be taken at regularly spaced intervals from the middle of the batch and mixed together for your official sample.

#### ASTM C172 - Sampling Fresh Concrete and Oral Exam | SI Certs

The group developing WK64336 is working with this subcommittee and others to ensure harmonization across ASTM cannabis-sampling standards. "When it comes to standardization of the cannabis industry, there is a lot of analysis and a lot of science needed to verify product safety," Black says.
